THANK YOU TO THE M&M AREA COMMUNITY FOUNDATION

For Immediate Release

April 19, 2019

Thank you to the M&M Area Community Foundation from the Goodman-Armstrong Creek School District for the \$3500 grant made possible by the C.S. Mott Foundation-Clean Energy Initiative. The Goodman-Armstrong Creek School District was able to replace all the lights with LED bulbs in the gymnasium and main hallways of the Goodman-Armstrong Creek High School. In addition, the Goodman-Armstrong Creek School District also received a \$650 Focus on Energy rebate for this project.

Three of the Goodman-Armstrong Creek School District teachers also took part in the energy educational opportunities offered to us through the M&M Area Community Foundation. Miss Wegener, Mrs. Jochem and Mr. Wirch took part in the K-12 Energy Education Program (KEEP) training through UW Stevens Point. This training gave them strategies to integrate clean energy knowledge into their classrooms. Our students also participated in the Cool Choices online game with other school districts in the area and were awarded prize money for their participation! All of these opportunities are appreciated by the staff and Goodman-Armstrong Creek School District!
