

The M&M Area Community Foundation has three distinct features:

Personalized Service: We offer tools and resources to make giving easy, flexible and effective. We take it a step further by connecting you with nonprofit organizations who seek monetary assistance for projects and programs in our communities. In addition, we conduct site visits to ensure grants are used as directed.

Local Expertise: The Foundation was established in 1994 by community leaders who wanted to give back locally. Our team has in-depth knowledge of the issues, opportunities and resources that shape our communities. This allows us to effectively partner with donors, enabling them to play a key role in solving community problems, making their giving impactful.

Community Leadership: Our work expands partnerships with other nonprofit organizations across Marinette and Menominee Counties. We foster the development of new programs, support high-impact opportunities and re-direct funds as community needs change. We build endowments to ensure funding is available to support our communities forever!

Some of our current endowments are listed below.

Each one of us has our favorite causes about which we feel passionate. In addition to contributing to a fund that has already been established at the MMACF, you may start your own fund to address a need or issue in our community. If you would like to learn more about establishing a fund, please contact us.
