FREE COMMUNITY EVENT AT CASINO

MENOMINEE, MI – The M&M Area Community Foundation (MMACF) is extending an invitation to Hannahville Tribal Members to participate in the Safeguarding Our Communities program training. It will take place at Noon on Tuesday, August 24th. It provides an overview of opioids, suggests actions to address problems, demonstrates how to administer Narcan and highlights the Syringe Service Programs run by local Public Health departments.

Those attending this training will be eligible to receive a free \$40 Personal Medication Lock Box, Opioid Emergency Kit and Safe Sharps Disposal Containers from the Community Foundation.

The free training will take place at the Casino with lunch available, compliments of the MMACF. To register, please contact the MMACF at 906-864-3599.

In response to local concerns, in November of 2020 the MMACF applied for and received a \$60,000 Harm Reduction Project grant. The funding was provided by the Community Foundation for Southeast Michigan in collaboration with Vital Strategies, a global public health organization.
